LOCAL AND GENERAL.

THE Sessions were this morning further adjourned until Thursday.

THE returns of the number of visitors to the Cit Hall Museum for the week ending March 2nd are :- Europeans 108, Chinese, 2,106; total,

unparalleled in its violence, followed by over say that in past years the general arrangements was a good fourth, Visitant fifth, and Venturous fifty minor shocks, was felt at Cathalogan the other day.

THE appointment of Lieut. William Thorburn. Argyll and Sutherland Highlanders, to be aidede-camp to His Excellency the Officer Administering the Government-why not Administrator Instead of this absurd title ?- is officially gazetted.

A CURIOUS narrative was unfolded before Mr. Wodehouse at the Police Court this morning. Two men were charged with stealing a baby, three months old, on Saturday. The mother, a sampan-woman, alleged that the men drugged her with sugar-cane, gagged her, tied her fect, and stole her offspring.—The prisoners were remanded.

Some six weeks ago a steam-launch belonging to Mr. Pitman, of Canton, was seized by pirates, who made use of it to loot several junks before leaving it. The Canton Government offered a reward of \$10,000 and official rank for the capture of the chief of the pirates, and the Kwang-pao states that that desirable event took place on Saturday. A lot of soldiers attacked" him; and after a desperate resistance he was captured, but in a dying condition. He was found to be a noted criminal, nicknamed equitted at the Sessions nearly a year ago,

THE general store occupied by J. Lucas, in Ewo street. Wanchai, was found to be on fire yesterday morning. The local fire-engine extinguished it before the place was destroyed, but much damage was done. There was a good

THE Band of the Argyll and Sutherland Highlanders will play the following programme at the Officers' Mess to-morrow evening, commencing at 8 o'clock :-

It is notified in the Government Gazette that Messrs, Phineas Ryrie and James Johnston Keswick have been provisionally re-appointed unofficial members of the Legislative Council by the Officer Administering the Government, "until her Majesty's pleasure may be signified." We don't object to these two influential citizens retaining their seats at the Council board, and we are quite sure that her Majesty will raise no objections. The matter may therefore be regarded as finally settled. But one of these fine days the Hongkong community will want to elect its representatives by popular vote, and that is the object which the present unofficial members should leave no stone unturned to

OUR excellent friend Mr. Wong Shing, the silent representative of Chinese interests in the Legislative Council for the past half-dozen years -how time flies to be sure! - has retired into the obscurity of private life, and Mr. Ho Kai. M.B., C.M., M.R.C.S., barrister-at-law, reigns | win on Nordenfeldt-was greatly applieded. The in his stead. The change is an excellent one for all concerned. Mr. Ho Kai is essentially in for \$105. Susewind was greatly fancied for the man to represent his Hongkong fellowcountry men in our local Parliament. He is the sworn enemy of the Chinese Mandarins, and albeit hardly so energetic as his English train. ing in law and medicine would fully warrant, is a sound lawyer, an enthusiastic student of the healing art. a practical philanthropist, a wellread man of the world, and a deservedly popular citizen. We shall expect great things from Mr. Ho Kai in the Legislative Council.

OWING to Capt. W. M., Deane having been the Golonial Secretary's department as Acting four lengths from the outsider Timaru, Mr. Fraser-Smith's b. Keep Tryst Colonial Secretary, his Excellency the Ad- Humphreys' Vernal securing third place in the ministrator, has provisionally appointed Mr. N. G. Mitchell-Innes to be an unofficial member of the Legislative Council. Official honours (?) are cheap in Hongkong. It seems only the other day since Mr. Mitchell-Innes, a callow lad, came down from Canton as a cadet to fill a very subordinate clerkship in one of the Government offices, and now we find him Acting Registrar-General and M. L. C., he having previously filled the position of Acting Police Magistrate with doubtful success. However, Mr. Mitchell Innes, if not a particularly brilliant individual is quite up to the Hongkong official standard. and he has worked hard in the various positions he has held, and has done his best. He knows something about the law, and may be found useful in Council. We congratulate thehonorable mem ber on his good fortune.

THE closing performance of the very popular the Straight and cantered in an easy winner, bend Entertainer sushed up next the rails, and Pantomine at the City Hall, by the Amateur | the Judge bracketing Myth and Leap Year for at the B wrington Gate both Coonalpyn and Dramatic Club, on Saturday night, can scarcely second place. Mr. Sid started both Chaser and Waldo, and, as we stated would probably be the case, declared to win with the dark-grey, who started a hot favorite, and won a good race from Visitation; but theresult might have been different but for Waldo coming down at the top of the straight and completely extinguishing the chances of Yarrum, Rosy Morn, and Visitant. There was very little interest evinced in the Selling Plate, the form of winner, on being put up to auction, was bought the Ashley Cup, but the famous dun ran unkindly in Mr. Sassoon's hands, and Colden Hope, after appearing out of the hunt at the Black Rock, won handsomely at the finish from Skipjack and Visitation. fields and fairly close finishes being the order of the day. Business commenced with the Selling Stakes, half-a-mile, which fell to Mr. Veitch's Pedro Blanco, Mr. Easton riding an excellent race after his pony swerved all over the the course on entering the straight. Pedro was entered to be sold for \$50, but nobody wanted him at that price. Enticer, on his running in the Canton Cup, locked a certainty for the Scurry Stakes, and notwithstanding Materialist being in the opposition he was freely backed against the field. Mr. Maclean, as usual, got well away, and galloping his opponents to a standstill, won in a back canter from the Derby impostor, nothing else being within hall. As was generally anticipated, the German Cup proved a gift for Leander, this grand little racer coming in alone in the remarkable time of 2 min. 41 secs.—the fastest time ever made by any griffin on the Hongkong racecourse, Llygodan finished second, and would have been much closer up had Mr. Read made more use of him in the early part of the race; but he could not have altered the result. The Exchange Plate was a mere repetition of the Foochow Cup, Volcano waiting on his field until half a mile from the chair and then coming clear away by himself. Myth ran very unkindly, and was easily beaten for second place by the evergreen "Croppie," A good field came to the post for the Professional Cup, in which Susewind, Orlando, and Pacishing were all strongly supported by their respective partisans. As the race is described below it is only necessary to say that Susewind jumped off with the lead, made all the running, and won easily by three lengths from Orlando, Mr. Pond pulling Paoshing half-way down the straight when he saw he had no chance of catching the winner. Enticer, in spite of a 12 lb. penalty, was generally fancied for the seven furlongs' Parsee Cup, but the weight stopped him a quarter of a mile from home, and Duncraggan scored a popular victory from Coonalpyn and Vernal, The Hongkong Club Cup was regarded as a certainty for Home Guard, and, with odds of 2 to 1 on, Mr. Buxey's grey had no difficulty in beating Golden Hope in the relatively fast time of a min. 15 secs. Haben was most fancied for the Jockey' Cup in a field of eleven runners, and when he challenged Claudio at the mile post his victory looked assured. Mr. Meurant, however, rode, a fine race on Mr. Benedicks' little bay, and getting up again in the last stride. the Judge's fiat was a dead-heat, with First Venture a bad third. In the run-off the pair kept together half the journey, and then Claudio came away and scored an easy victory, Mr. Hohnkepulling upinside the distance. Waldo made the whole of the running in the Brokers' Cup and won easily from Skiplack, and the day's sport was brought to a close in excellent time by Saltpetre upsetting a hot favorite in Enchanter for the Welter Stakes. Enchanter cut out the work next 'the rails, attended by Imuris and Coonalpyn, the rest of the field in a cluster with Materialist last. Rounding the turn out of the straight Keep Tryst raced round on the outside and joined the leaders, Vivid at the same time emerging from the ruck and taking a prominent place. H close race ensued as far as the village, where Mr. Read brought Materialist to the front and cutered the straight with a decided lead. At the distance post Mr. McCullagh's pony seemed to have the race in hand, but he either thed rapidly at the finish or "cut it," and Duncraggan, coming with a wet sail, overhauled him at every stride and. only lost the verdict by a neck. OFF-DAY, SATURDAY, 1ST MARCH, 1890. The weather, gloomy and threatening throughout the morning, cleared up before racing commenced; and the most successful race-meeting Hongkong has ever known was concluded under most favorable auspices. The attendance was again enormous, and as the "olo custom" of throwing open the Grand Stand and enclosure free of charge to the public was adhered to, the privilege was taken advantage of to an extent that proved somewhat inconvenient. In future it would be just as well if a nominal charge of one dollar were made on the Off-day " for admission to the enclosure; the funds of the Jockey Club would be materially augmented, and much better order, as regards the general arrangements. would prevail. Eleven items were on the programme, including two interesting matches and two steeple-chases, so an early start necessary, and the first race was fixed for 1.30. An objection to the winner, on the ground of a cross in the first quarer of a mile, was lodged by Valentine's jockey, but after investigation the Stewards overruled it. The Steeplechase Cup fell an easy prey to Mr. HartBuck on Vernal, the other competitors persistently refusing. THE HONGKONG HOTEL COM-PANT, LIMITED,

The ordinary meeting of the shareholders of ture. this Company was held this afternoon. Mr. D. McCulloch presided, and Messrs. P. Ryrie, E. be to go round to Mr. Palmer's office, to get Jones Pughes. J. F. C. da Roza, F. Henderson, all particulars. We have deferred settling the H. G. James, H. F. S. Green, J. H. Cox. E. Cope. | matter until this meeting.-He then proposed the C. A. and to the report or accounts. As they saw, the Articles of Association they did it in good there was a profit of \$14.376 on the half-year, faith, and it was very little use harking back which was a considerable decrease on the first now. It was done with good intention, half, but the second half was always the worst. and the shareholders should give them credit for It was to be hoped that there would be a corres- acting in the general interest. ponding increase in the present half-year.

Mr. Ho Tung asked if it was the Directors' intention to extend the Hotel, or only alter it? The Chairman replied that they desired to extend it to the Praya, where, ultimately, the chief entrance would be. They must remember that the present Hotel was an old building, in which there was a vast amount of waste space in the shape of passages, etc. which could be utilised after the extension. The contracts had not been signed yet, the directors having deferred it until miter

the meeting. shareholders the plans and estimates. Mr. J. H. Cox-As one of the auditors I would call your attention to the item on the debit side | the meeting. of "share account-\$15,479." During this last audit we auditors observed that the account had been increased by the purchase of \$1500 worth of Watson's shares, and by payment of a second call on some other shares, amounting altogether to \$1700. It occurred to me to inquire why the directors had bought these shares, seeing that the Company had no funds of its own being always in debt, as it has been for some years. I referred to the Articles of Association-which I had not deemed it necessary to do before, as I neverthought the directors would posal of the Board to make the following alterago beyond their powers. 'I may perhaps be permitted to mention that this is not the account I signed, as I put an addenda to my certificate. Mr. Green, my colleague, objected to sign it, so I call your attention as shareholders to clause ten, article 104, which states that "the directors may invest such part of the funds of the Company as shall not be required to satisfy or provide for immediate demands in or upon Government Stocks or Funds, or upon such -other securities as they think expedient, and may from time to time vary such securities and convert the same as matters require, or as they deem expedient." It says " if the funds of the Company are not required to satisfy immediate demands," you notice. Properly speaking, the Company has no funds—it has been in debt for about six years, and, that being so, if the Directors have not found it out before they should done so. I desire to relieve myself of responsibility, because we auditors are looked on as your servants, to act as buffers between the Directors and shareholders: l object to this last addition of \$1,700 to the item. You observe that we say we have found the statement of accounts in accordance with the books and vouchers, but if you had seen the memorandum I added you would see that objected to the account. I said "The undersigned begs to call the attention of the shareholders to Article number 104, par. 10, of the Articles of Association of the Company, as he is of opinion that it does not confer upon the directors power to purchase shares with borrowed money." I regret to have to men-

mixed up in the account-I have a list which I will read if you wish. I do' not think, myself. that the money should be invested under the circumstances. The Chairman-You have heard Mr. Cox's remaiks. We certainly would have published the rider, but at the last Board meeting we considered it was rather an unfair one, because this share account has been audited and passed for

tion this, but I think it is my, duty, in justice

to myself. I think it should have been put

before you in the report—I believe the directors

have no power to expunge anything put in by

an auditor. Had it been done you would not

have had your time taken up now. I shall have

to leave this point in your hands; I do not

myself think it is a correct account. We

were indifferent before, in passing these items,

because we didn't think the directors would

exceed their powers, but I mentioned it last

time to my co-auditor, Mr. Green, asking

why the and tors should invest money obtained

on loan, and an looking at the Articles I found

they had no night to do so. I am your servant,

and I point this out to you, to please yourselves, as

you think fit. If there is any loss on the shares that

is your look-out, and you must not come on me.

The directors wrote to me, through their secretary,

saying that they would not publish my remarks,

which I did not reply to, as I intended to repeat

them to the meeting. There are all sorts of shares

several years— Mr. Cox-Yes, six years. The Chairman-And we didn't buy the shares in a spirit of speculation, but because we thought the shares would be for the interests of the Hotel. We also resolved at the Board meeting that, this having now been brought to our notice. the mistake should be remedled as early as possible. That is all we have to say in the matter-of course if anyone has any proposition to make, and it is seconded, I shall be happy to

Mr. Cox-As I stated before, I think it my duty to mention the matter in order to release myself from responsibility with respect to this audit, as I do not agree with it.

Mr. Ryrie did not think it was compulsory on the directors to publish the rider, but agreed that Mr. Cox had taken the right course in bringing the matter before the shareholders. The Chairman-We directors had the

rider noted in the minute, so as to put down an official record of the references. If Mr. Cox will propose anything-

Mr. Cox-If the directors are not authorised - by the Articles of Association to buy any more I suppose they will not do so. If the shareholders want them to do so let them alter the Articles. I have every reason to believe -I never believed otherwise—that the directors wished to do wrong, and I don't suppose they will buy any other

The Chairman-Perhaps you will propose it to the meeting. Mr. Cox-I am acting for the shareholders. The Chairman-But you are a shareholder.

Mr. Cox-Yes, and I am auditor. Mr. Ho Tung-I will propose that the directors be in future requested not to buy any more shares, and that as soon as there is an opportunity the shares now owned be sold, and CORPORATION on and after 1st day; of March

the money restored to the Company. 'The Chairman-That has already been agreed on-as soon as it was brought before the notice of the directors. You see this thing has For the HONGKONG AND SHANGHAL BANKING been passed over for a long time, but as soon as' they were informed of it they at once came

to this determination. Mr. Ho Tung-Then you will not buy any more? I see that the costs in the recent action have not been ascertained—is there any money

laid aside towards them? The Chairman-Yes, there are \$7000 carried forward. We don't know even yet what it is. Mr. Cox-I should like to ask, on behalf of the shareholders, what this item of nearly \$4000

in the Contingency Account is? The Chairman-I' think you should know what it is. It is the amount over-paid to the

contractor when we settled with him. We shall

get it back if possible. We have a balance due Mr. Cox-What will the new building cost?

Mr. Palmer -About \$150.000, without furni-The Chairman—The simplest plan will

Mr. Ryrie seconded, adding his opinion that The Chairman said there was very little to if the directors had done anything contrary to The report was then adopted.
